

RSI Progression

Fiscal year is ongoing. Barring the exception identified in the first note below, unions have no value in the RSI table for the respective year.

Delinquency Summary

No report filed: 1, 2, 3
Filed on time: 4
Report filed late: 5, 6, 7
Not relevant to delinquency: 8

Notes

- 1) Partial year trusteeship reports will temporarily receive **8 Not considered in the Delinquency process (partial year, errant reports, etc...)**, however this will be overwritten when the normal RSI process begins.
- 2) The logic above applies to terminating unions. A terminating union's fiscal year ends the day it terminate although the due date is 30 days after the termination.
- 3) Reports filed after the due date, but before the **Delinquency After Due Date** process has been run will receive a 5.
